RSVP by May 25 to: [deanfisher@frontiernet.net](mailto:deanfisher@frontiernet.net)

## Trail Trials Symposium 2010

### Judging from the Same Page

#### Purpose;

1. To get all Senior Judges interpretations of the rules as close as possible to the intent of the rules, and instructing our Volunteer Judges with interpretations of the rules that are consistent from Judge to Judge and throughout all regions of the program.
2. To bring more harmony to the program through constructive discussion of the issues with the goal of resolving issues.

#### Format:

Each Senior Judge present will be a member of the discussion panel. Senior Judges should bring a minimum of 2 issues for discussion. Be prepared to communicate each issue clearly within a time limit of 3 minutes. However...once submitted, the person who submitted the issue may remain a discussor of the issue, all others will be given one chance to comment.

Judges Commission members, then Senior Judges, then Committee Members, (Voting members) then Ride Managers (those who have managed a ride in the past 2 years) will present to the symposium their items for discussion or issues that have arisen at the events that they have attended or managed. Competitors will learn what Senior Judges are looking for, proper interpretation of the rules, and will be given a chance to comment on each issue.

#### Possible resolutions to the issues are:

1. Senior Judges agree to a presented interpretation or resolution.
2. All present participate in the wording of a resolution to present to the Trail Trials committee for inclusion in the convention resolution process.

#### Note:

If you would like to present your issue with the use of drawings or pictures, please develop and bring handouts for the participants. Alternately we will try to have a blackboard available for your use.

Volunteer Judges who are not program members may attend for free.
